

One of India's Largest Manufacturers of Plasticizers, PVC Compounds & PVC Heat Stabilizers

VINYL GROUP

Our Quality, Your Pride

Founded in 1971 by Mr. D. K. Gupta, Vinyl Products has grown from a small trader of PVC Compounds to a leading manufacturer providing comprehensive solutions for the PVC Industry. With a strategic network of manufacturing facilities across Delhi, Rajasthan, and Daman, in India, Vinyl Products has entrenched itself as a trusted partner in the industry, poised for continued growth & operational excellence. Over the last 50 years, Vinyl Products has flourished into a diversified conglomerate – The Vinyl Group of Companies – encompassing a diverse range of ventures including manufacturing, trading, finance, retail, and hospitality.

VINPLAST

PLASTICIZERS

Plasticizers are low-volatility liquids added to polymers to make them softer and flexible. They are used in the manufacturing of cables, PVC flooring, synthetic leather, footwear, PVC films and sheets, and more.

Our Journey

In 2017, Vinyl Products accelerated its backward integration through the in-house production of plasticizers via a strategic partnership with API (a Action Shoes Group subsidiary). This venture reached a new milestone in 2019 when the Group acquired the Daman manufacturing unit and launched its proprietary brand, "VINPLAST". Following a technical revamp in 2020, the unit reached full-scale production, further expanding its product portfolio in 2023 through a major capacity expansion. Marking a new era of innovation in 2025, Vinyl commissioned a state-of-the-art, phthalate-free plant at the Daman facility. This expansion reinforces the Group's commitment to 'Green Chemistry', enabling the delivery of eco-responsible solutions that meet the evolving regulatory and sustainability demands of our global partners.

PACKING TYPES AVAILABLE

210 kg HDPE DRUM / 225 kg Iron Drum / 1MT IBC Tanks / 20-22MT Flexi Tank / Iso Tank / On Road Tankers

PHthalATES

| | |
|-----------------|---------------------------------|
| DOP | Di-Octyl Phthalate |
| DOP - FG | Di-Octyl Phthalate - Food Grade |
| DINP | Di-Iso Nonyl Phthalate |
| DIBP | Di-Iso Butyl Phthalate |
| N - DBP | Di-n Butyl Phthalate |
| DPHP | Di (2-Propylheptyl) Phthalate |
| DIDP | Di-Iso Decyl Phthalate |
| DMP | Di-Methyl Phthalate |
| DEP | Di-Ethyl Phthalate |

NON-PHTHALATES

| | |
|--------------|--------------------------------|
| DOTP | Di-Octyl Terephthalate |
| DINTP | Di-Iso Nonyl Terephthalate |
| DOA | Di-Octyl Adipate |
| DINA | Di-Iso Nonyl Adipate |
| TOTM | Tri-Octyl Tri Mellitate |
| TINTM | Tri-Iso Nonyl Tri Mellitate |
| DEGDB | Di-Ethylene Glycol Dibenzoate |
| DPGDB | Di-Propylene Glycol Dibenzoate |
| DBTP | Di-Butyl Terephthalate |

MALEATES

| | |
|-------------|----------------------|
| DOM | Di-Octyl Maleate |
| DINM | Di-Iso Nonyl Maleate |
| DBM | Di-Butyl Maleate |
| DEM | Di-Ethyl Maleate |
| DMM | Di-Methyl Maleate |

BIO PLASTICIZER

SEBACATES

| | |
|------------|--------------------|
| DOS | Di-Octyl Sebacate |
| DBS | Di-Butyl Sebacate |
| DMS | Di-Methyl Sebacate |

FRAGRANCE & FLAVOURS

| | |
|----------------------------------|-------------------|
| Phenyl Ethyl Methyl Ether - PEME | Banana Flavour |
| Phenyl Ethyl Acetate | Methyl Nicotinate |
| Vanilla Flavour | Ethyl Nicotinate |
| Whisky Flavour | |

SOYATES

| |
|-------------------------------|
| Epoxidized Soybean Oil - ESBO |
| Epoxidized Methyl Soyate |
| Methyl Soyate |
